DEDICATED

TO

THADDEUS P. SADOWSKI

A TEACHER
A COACH
AND A FRIEND

An M.I.T. graduate, Mr. Sadowski has been a major part of the academic, extra-curricular, and social life of North Quincy High School since 1956. He was an originator of the PSSC program at North. In addition to teaching physics, Mr. Sadowski also taught mathematics courses at Northeastern University since 1959. Working under many head coaches, Mr. Sadowski was an assistant coach for North's football team for over thirty years. A proud father of three, Mr. Sadowski is considered a father to many of his players and students. The North Quincy High School class of 1989 would like to thank Mr. Sadowski for his contributions to our school. "Say what you mean or I'll have to assume you mean what you say."

YOUR TEACHER SAYS...

Try to keep an open mind, and remember that education never ends.
-Peter Chrisom

Hail and Farewell, Class of '89! you have been a joy. Always be proud of yourself, your heritage, and North.
-Eileen Feeney

Wisdom is more than knowledge, Character greater than power.
-Eugene Macomber

To be a star, you must shine your own light, follow your own path, and Don't Worry about the darkness. For that is when stars shine brightest.
-Gerald Ridge

The cost of success is cheap. All it requires is time and effort.
-William Walker

YOUR TEACHER SAYS...

Avoid infinite loops in life too!
-Ron Erikson

Know your Maker, know yourself, and you will live a life of contentment.
-Mary Gralton

We had jog, we had fun, we had seasons in the sun.
-Brenda Brown

Attitude + Attendance + Home Preparation = Success
-Mary Hanna

Strive ever to excel, the reward is in the effort.
-Cheryl Manoli

You Never Subtract, You Always Add the Opposite!
-James P. McGuire.

There is the Right way, the wrong way and Q's way!!
-Gerald Quintiliani

All the world is before you-make it the best.
-Robert Troup

Never forget "HER"
-Leonard Miceli

The more you know, the more you find that you don't know.
-Thomas Donnelly

Be true to yourself and follow your instincts.
-Howard Churwin

They are wise who regard the past to chart the future.
-Alfred Cawthorne

For every human problem there is a solution which is simple, neat, and wrong-H.L. Mencken
-Geraldine Stein

Be true to yourself
-Pamela Winters

Think Positive even when things get you down. Everything will pass.
-Jim Lynch

I'm Looking Foreward to A Picture Perfect Year With No Negateve Feelings Toward Future Developments.
-John Gostanian

The only constant is change.
-Brian Doherty

My words of wisdom come from my students, each and every one of them That's why it is important to listen.

VOLLEYBALL

Holly Rendle, Deidre Murphy, Debbie Panaro

The North Quincy girls' volleyball team, under Coach Jim Rendle,came into it's season eager to repeat the previous year's exciting State Championship performance. The varsity team, made up of predominantly seniors, was a tightly knit group whose skill and strong teamwork earned them a third trip to the state tourney. They ended their season as Co-Suburban League Champs with a record of 17-3 along with the JV team(15-3) who also did well and is wished the best of luck next year. Much has been accomplished by the team in the past four years, some wins will stand out in their minds, and maybe even some losses, but what will be remembered for a lifetime are the friendships and commitments that were made, and the goals that were fought for and achieved.

In my four years at North Quincy High School, I have accomplished my goal to get a quality education. I owe it all to my family, teachers that taught me values. And to remember all the good memories at North.

Mary Ellen Donlon
Senior year is a special year. We think about our past, Future ambitions, and the friends that we will be leaving. But to have this honor yo graduate from North Quincy High School. But when we look back we think about the people that guided us through our four years, such as our family, our teachers, and friends.

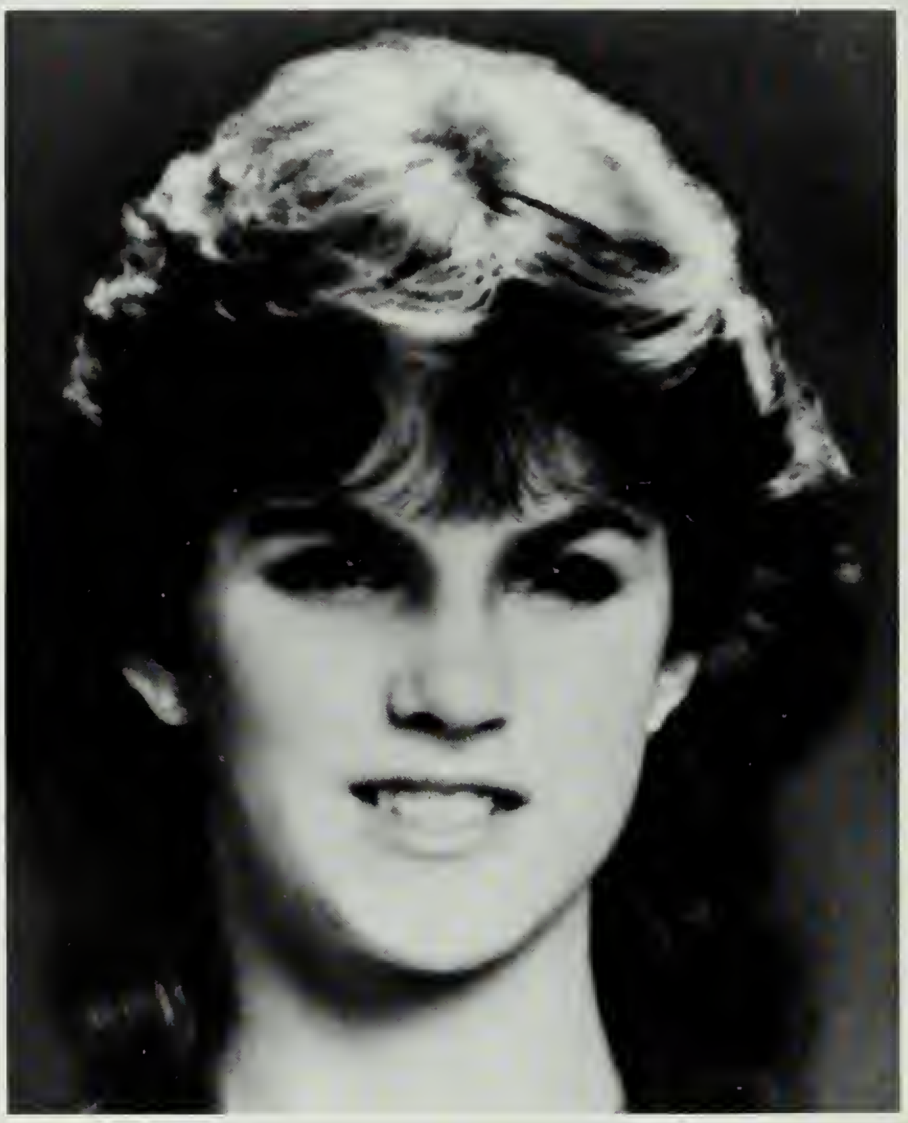
IN MEMORY

OF



SUSAN PAUL

Susan was so special
in many people's eyes
no matter if you were close friends
or knew her from afar
Our memories of her will never fade
and our love will never go away
as we remember the friend we had made.

EDDY TREMBLAY

Susan when I think of you I feel so upset and angry inside. I don't know how anyone could hurt you then run and hide. You were someone very special and you will always be on my mind. We will never have another friend like you, you were one of a kind. The pain I feel will last forever until that day we are brought back together.

Robyn Ostiguy

Susan, the girl of the stars in the sky, the only girl with golden wings that ever really knew how to fly.

When night comes 'round you can almost see her face, shining and glistening like a comet in outer space.

Living in the galaxie's powdered flusters of magic, spread out all over, her happiness and joys are as rare as a four leaf clover.

Love and happiness is what she and I will always share, in and out and all over the statosphere.

She will always be in our universe above, flying and shining like a pure white morning dove.

Kimberly Kenney

Where the flowers gently wave
Lies the one we love so dearly
In her lonely silent grave
Never shall Sue be forgotten
Never shall her memory fade
Sweetest thoughts will always linger
Around the grave where she is laid

Sue- In our heart forever will you remain.
Thinking of the good times, helps us ease the pain.
You were always happy, never seemed sad.
Always thinking of the good, never showing the bad.
Sometimes things never seem to be what they really are.
And when days are hard to get through-
I think of what life means, I think of you.
And as each day parts-
Its you who will stay Forever In Our Hearts.

SUSAN PAUL

AEROSMITH

For now we have the memories that could last forever. Till the day we are all brought back together. So until then we'll have our memories and Sue you'll have your wings.

SADLY MISSED
NEVER FORGOTTEN
